Mark Brinton Manager - Federal Relations Suite 5100, 1801 California Street Denver, Colorado 80202 Telephone (303) 672-5851 Facsimile (303) 296-3015

May 17, 2000

Ms. Magalie Roman Salas Secretary Federal Communications Commission Room TW A-325 445 Twelfth Street, S.W. Washington, DC 20554

Re: U S WEST Communications, Inc. and The Rye Telephone Company Joint Petition For Waiver of the Subscriber Carrier Selection Change Provisions of the Telecommunications Act of 1996 CC Docket No. 94-129 /

Dear Ms. Salas:

This letter is being filed pursuant to a request from Jon Bernstein, Accounting Policy Division. On March 24, 2000, U S WEST Communications, Inc. ("U S WEST") and The Rye Telephone Company ("Rye") filed a Joint Petition for Waiver of the subscriber carrier selection change provisions of the Telecommunications Act of 1996 ("Joint Petition"), requesting that the Federal Communications Commission ("Commission") grant a limited waiver of the authorization and verification requirements of the Commission's carrier-change rules for 94 access lines located in Colorado. Mr. Bernstein has requested clarification of several issues raised by this referenced filing.

Customers affected by this transaction were originally notified by U S WEST in a letter distributed on March 19, 1999 ("Notification"), as required by the Colorado Statues of Regulation of Rates and Changes, Article 3, 40-3-104. As mentioned in the Joint Petition, this Notification advised affected customers that Rye will become their local service provider. The Notification also advised customers that the sale would result in higher-quality and more reliable service, including a rate reduction for local access charges. The Notification is attached hereto as Exhibit A.

The Joint Petition also advised that, in the future, affected customers will be told that the transfer may affect their long distance carrier (both intrastate and interstate), and if they currently use a carrier that is not present in Rye's switch, then a representative from Rye will contact them to coordinate a carrier change at

No. of Copies rec'd O+ 4 List A B C D E Ms. Magalie Roman Salas May 17, 2000 Page 2

no charge to the customer. Notification will be accomplished through the use of a "welcome" letter, a draft of which is attached as Exhibit B, which Rye intends to send to the affected customers after the sale has been completed. Exhibit C, attached hereto, contains a list of the carriers currently present in Rye's switch.

If you have any questions, please feel free to contact me at (303) 672-5851.

Sincerely,

Mark Brinton

Matt Kruzick Manager - Regulatory Affairs

March 19, 1999

TO:

U S WEST Communications has submitted Advice Letter 2763 to the Colorado Public Utilities Commission (PUC) for approval of tariff map boundary changes. The Colorado Statutes of Regulation of Rates and Changes, Article 3, 40-3-104 states that "no change shall be made by any public utility in any rate, fare, toll, rental, charge, or classification or in any rule, regulation, or contract relating to or affecting any rate, fare, toll, rental, classification, or service or in any privilege or facility, except after thirty days' notice to the commission and the public."

Your address is presently served out of the Pueblo Exchange Area. However, U S WEST, in participation with the Rye Telephone Company, has submitted a proposal to rearrange your service from Pueblo Sunset (a U S WEST switch location) to Colorado City (a Rye Telephone Company switch location). As part of this effort, U S WEST is requesting that the exchange boundary between Pueblo and Colorado City be changed. The proposal from U S WEST is to modify its boundary maps and align your address with the Colorado City wire center. After rearrangement, the Rye Telephone Company will become your local service provider.

Your service will be impacted by this boundary change in several ways. First of all, the boundary change will result in a reduction of your monthly local service rate. Currently, customers in the impacted area are paying approximately \$34.93 (Zone 3) or \$26.93 (Zone 2) for U S WEST monthly basic local service. After Rye Telephone Company assumes service provisioning for these customers, your rate will be reduced to approximately \$19.70 per month.

Second, the boundary change will result in higher quality and more reliable service for the impacted customers. The Rye Telephone Company plans to convert these customers to digital architecture (either digital wireless or Digital Loop Carrier). Digital architecture will provide improved transmission and maintenance versus the analog technology currently being used to serve your location.

Third, this boundary change will require a change in your telephone number; this is because your service will be rearranged from the Pueblo Sunset switch location (a U S WEST office) to the Colorado City switch location (a Rye Telephone Company switch location). To mitigate the impact of this telephone number change, there is no charge to the customer for the number change and U S WEST will be providing temporarily (also at no cost) the standard recorded announcement referring callers to the new telephone number. U S WEST will extend the duration of the recorded announcement to coincide with the delivery of the Telephone Directory (scheduled for mid-April, 2000).

Finally, this boundary change will have some impact in the local calling area for the affected customers. After Rye assumes service responsibility, you will be served out of Colorado City and will therefore assume the same local calling area that other Colorado City customers have. The Colorado City local calling area includes Pueblo and Rye.

Should you have any general questions or wish to protest the boundary changes, you may write to the Colorado Public Utilities Commission at 1580 Logan Street, Denver, Colorado 80203 or you can call 303-894-2000 (inside Denver Metro) or 1-800-888-0170 (outside Denver Metro). Please refer to Advice Letter 2763.

In addition, I am also available to answer any of your questions and can be reached on 303-896-7841.

Sincerely,

;

Matt Kruzick

Mark

Manager-Regulatory Affairs U S WEST Communications

EXHIBIT:

Welcome Letter

Date

Dear Valued Customer.

You have been previously notified by US West that your local telephone service will be transferred to The Rye Telephone Company. All Federal and State Regulatory approvals have been met, and so we are starting the actual transfer process now.

The Rye Telephone Company would like to take this opportunity to welcome you as a new customer. The Rye Telephone Company is excited about becoming your new Local Telecommunications Carrier.

We would like to start by stating that you will be receiving a higher quality and more reliable service. Your monthly bill for local service may be less than what you paid US West. Your toll-free local calling area will change with only the Colorado City, Rye and Pueblo exchanges being toll free.

While the switch from US WEST to The Rye Telephone Company will require a number change for you, there will be no charge for this number change and the cost for a US West provided, recorded announcement advising callers of the number change will also be a service to you at no charge.

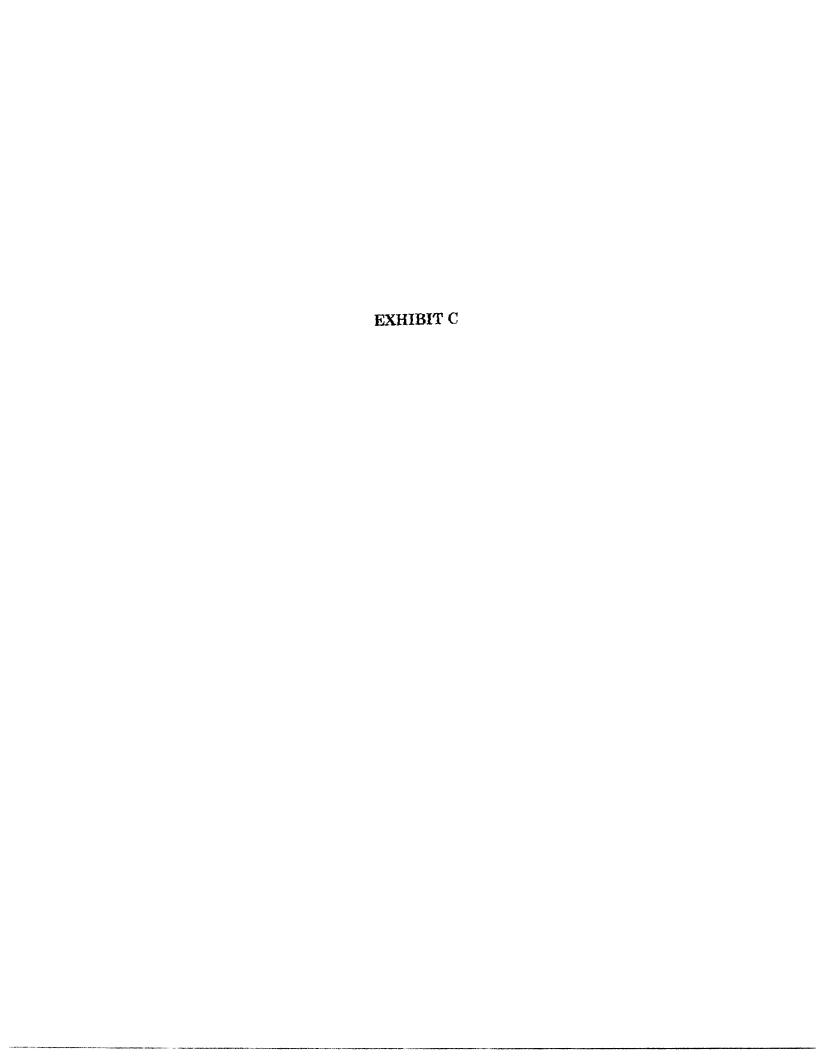

We would like to advise you that the transfer from US WEST to The Rye Telephone Company may affect your long distance carrier (both intrastate and interstate), and that should you currently use a carrier that is not present in our switch, you will be contacted by a Rye Telephone representative to coordinate a carrier change to fit your needs at no charge.

If you have any questions or concerns please call our Customer Service Representatives, Deb, Diane or Nancie at 676-3131 and they will be able to assist you.

Sincerely,

Sincerely,

Garry R. Mac Cormack General Manager Michelle R. Anderson Assistant Manager
